

# Fluid Power Solutions and Services

*For Industrial and Mobile Hydraulics*

**INCLUDING:**

- Components**
- Custom Systems**
- Repairs**
- Filtration Solutions**

# Hydraulic & Pneumatic Components

## HYDRAULIC PUMPS & MOTORS

## ACCUMULATORS

## RESERVOIRS & ACCESSORIES

## FILTRATION COMPONENTS & EQUIPMENT

## FULL LINE PNEUMATIC COMPONENTS

## HYDRAULIC POWER UNITS

## SERVO, ISO, MOBILE & CARTRIDGE VALVES

## LINEAR, ROTARY & ELECTROMECHANICAL ACTUATORS

## SERVO MOTORS

## HEAT EXCHANGERS

## GEARBOXES & DRIVES

## TRANSDUCERS, SWITCHES, GAUGES, & MONITORING EQUIPMENT

## Rentals & Repairs

*CFI maintains a large fleet of rental equipment and “Lease to Own” options, with the latest models and technology available.*

### QUALITY RENTALS:

Vacuum Dehydrators

Particle Counters

Filter Carts

Hydraulic Power Units

Filter Caddies

Flushing Skids

### LIKE-NEW REPAIRS:

Hydraulic Pumps & Motors

Hydraulic Power Units

Hydraulic & Pneumatic Actuators

Servo & Proportional Valves

## Field Services

*Our field services crews get the job done right by leveraging extensive training, experience, and resources.*

On-site Troubleshooting

System Upgrades & Evaluations

Installation & Commissioning

Preventative Maintenance

Fluid Conditioning & Monitoring

Repairs

Hydraulic System Flushing

## Your Needs. Our Expertise.

*Controlled Fluids, Inc. (CFI) is an ISO 9001:2015 registered industrial fluid power and fluid conditioning distributor with systems design, fabrication, and component repair capabilities.*

For over 35 years, CFI has offered quality products and a wide range of services including field services and systems integration. Our depth of motion control and filtration solutions experience is significant as we work with our customers to provide full support through the life cycle of your equipment needs.

Because of our steadfast commitment to quality and on-time delivery, CFI is now one of the largest value-added distributors in North America for products such as Moog, Atos, Hy-Pro, Oilgear, Kawasaki, and Atlas Cylinders.
